## **Healthy Snacks** A guide for children aged 1 - 4

Healthy snacks are a very important part of the diet of young children and may be offered 2 to 3 times each day. Here are some healthy snack ideas - for at home or on the go. Some days your child may be hungrier than others and need filling healthy snacks between meals. Readymade bars aimed at this age group can be high in sugar. It is always best to choose unprocessed snacks.

## Light snacks for between meals

Small pieces of fruit

Sliced, hard-boiled egg

Small pot of yogurt

1-2 crackers

Sliced cucumber sticks

Breastfeed or glass of milk

1-2 breadsticks

1 plain rice cake

## Filling healthy snacks for between meals

Cheese with 2 crackers

Slice of toast with mashed or Small bowl of breakfast chopped banana

## **Snack Right!**

Limit dried fruit to once a week because dried fruit contains sugar, is sticky and is not kind to teeth.

1/2 bagel with lightly spread peanut butter

Small slice of fruit loaf

Small bowl homemade or readymade soup

cereal and milk

Offer vegetables, salad or fruit as snacks.

Offer your child smooth nut butter without added sugar and salt.

Try not to use foods high in fat, sugar or salt as a reward or to comfort your child.
